

According to the Tutone's tradition, a precious recipe with a refined. Full and rich taste. The secret of this bitter is a wise selection of herbs, where flavours and fragrances turn into sensations. Mixtures made from bud's extraction, barks and fruit's rinds transfer to the palate and memory a strong emotion.

The Amore Tutone, served well-chilled, is ideal for closing a lunch, served with an orange slice and on ice, it becomes a welcome drink.
